### Hydrating Cream Moisturiser

#### Product Features

1. For fresh, hydrated face and hands - offering better sun protection, restoring youthful volume to skin, and even minimising lines and wrinkles.
2. This Intensely moisturising, oil free NaPCA Cream Moisturiser has hyaluronate and soothing botanical ingredients that provides a cooling, refreshing lift.
3. A small amount leaves a veil of moisture-loving NaPCA that helps keep skin refreshed and hydrated.
4. Handy, portable 200ml bottle, so that you always have natural hydration on the go!
5. Australian made with certified organic ingredients.

#### How To Use

1. Apply after cleansing face or hands (recommend Cleanser Toner Gel)
2. Dispense an amount the size of a 20cent piece onto clean finger tips - tap a small amount in the centre of your forehead - on the tip of your nose, each cheek and your chin.
3. Gently massage **Hydrating Cream Moisturiser** into your skin in an upwards motion, from the centre of your face to the edges.
4. For especially dry areas, reapply more frequently.
5. You will notice that the better hydrated your skin becomes, the less often you will need to apply!
6. Also provides effective relief from Sunburn, itching from eczema, psoriasis and heat rash.
