Key Ingredients

Jjoba Beads - finely formed hydrogenated jjoba to naturally exfoliate and remove dry, rough patches of skin.

Jjoba Oil - works as a protectant and cleanser without blocking pores. Jjoba Oil is rich in iodine, which fights harmful bacteria growth that leads to breakouts. The antioxidants present in Jjoba Oil soothe fine lines, wrinkles and naturally slows down other signs of aging.

Lemon Myrtle - has amazing benefits in skin care. For mature or oily skin it works as an astringent to help tighten pores and reduce irritations. It also has skin whitening properties and anti-fatigue antioxidants to help strengthen capillaries and minimise dark circles under the eye.
